ParkingPlus[®]

MuniPlus[™]

The total package transcript solution.

Managing your transcript process can be a costly juggling act:

Order Entry

Communication
(E-mail, Text, Online, Phone)

Authentication

Hold Checking
and Release

Locating Records

Electronic Delivery,
Printing &
Mailing

Online Ordering and Payment Processing with.....

TranscriptsPlus[®]

- Hosted Online Application
- 3rd party certified PCI-DSS compliant
- 12 hour/day Customer Service
- Branded and Customized Order Form

Complete Automation with

RoboRegistrar[®]

RoboRegistrar[®] is a Java-based software that acts as the interface between Credentials Solutions and your school's SIS.

- Locates Records
- Checks For Holds
- Communicates To Students
- Prints Paper Transcripts
- Facilitates a Variety of Fulfillment Options

RoboRegistrar[®] automates your fulfillment options with eRobo[®]...

eRobo[®] is able to deliver multiple electronic delivery options based on the recipient's preferences.

- The key to total efficiency is to tie the front-end ordering system to your back-end fulfillment.
- Entity database is used to determine trading relationships
- Dynamic fulfillment options based on recipient type
- Automated fulfillment to avoid staff intervention

RoboRegistrar[®] Advanced Automation With the University of Phoenix

Through a collaboration between Credentials Inc and the University of Phoenix, RoboRegistrar can automate the entire University of Phoenix transcript process.

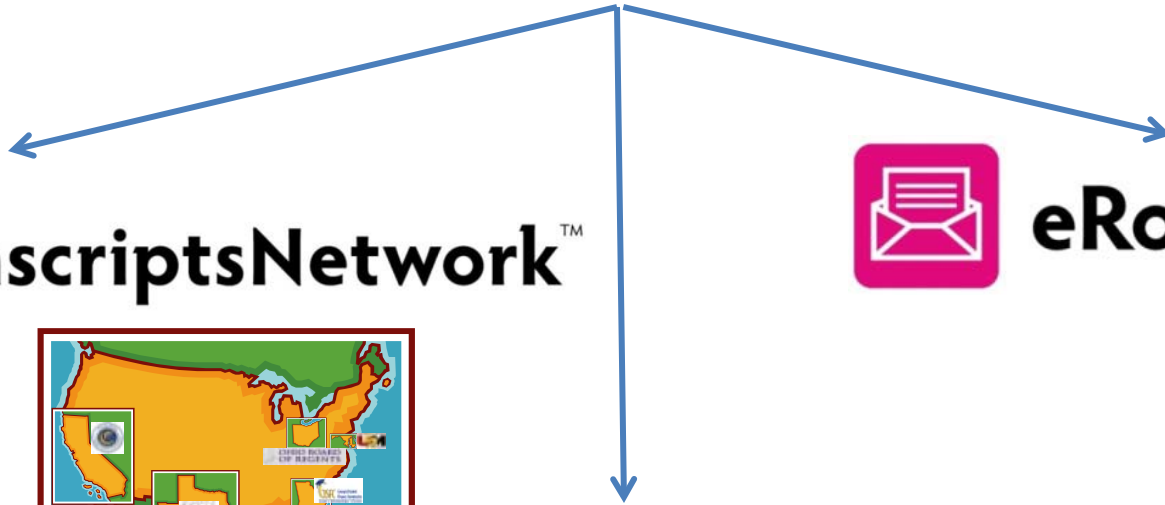

Not only will the University of Phoenix place transcript orders online and RoboRegistrar extract and deliver them electronically, Credentials Inc will collect the appropriate fees and remit them to the sending institution.

This means no more transcript paper and no more blank checks!
