2012-02 IGETC Codes Update

Issue Reference Number: 2381
Version 1.0 – LR – 20July2012 – initial draft for steering committee approval
Version 1.1 – LR – 02August 2012 – update following steering committee online review
Version 1.2 – LR – 16 August 2012 – minor corrections
Version 1.3 – LR – 05 October 2012 – added ASCII fields 07E37 and 07E47

Problem Statement

One of the Colleges reported that eTranscriptCA was not supporting the upload of a transcript with the IGETC value "5C" in the course detail. Research shows the "5C" eligibility code was added to the IGETC Standards last year and eTranscriptCA was not updated to reflect that change.

Upon further review of the IGETC codes listed as acceptable values within eTranscriptCA, discrepancies were found when compared to the ASSIST database IGETC available codes. Confirmation is needed for which codes should be included as eligible eTranscriptCA values for CSU IGETC and UC IGETC.
