PANEL DISCUSSION
TRANSFER DEGREES (ADT) – SB1440

Perspective and Process:

California Community Colleges & CSU Campuses

eVerify site: Demonstration

Objective of Panel Discussion

- The session is designed as a panel discussion and consists of CCC and CSU staff members that identify, process and work with students with ADT degrees.
- The session will also include a demonstration of the new eVerify site and a discussion on how CCCs and the CSUs are using the new site.
- This is a great opportunity for CSUs and CCCs to communicate directly regarding the end to end process of ADT degrees. It is also an opportunity to share best practices to improve and facilitate the processing of the prospective ADT students' applications.
